COMPLIMENT TO BELLEVUE BAKERY

The following letter has just been received by Mr. Harry Meade, the genial proprietor of the Bellevue Bakery:

"Hotel Cecil,
Medicine Hat,
July 29, 1925.

The Bellevue Bakery,
Bellevue, Alberta.
Gentlemen:

I have just returned from a touring auto trip to Calgary, Banff, Windermere, Spokane, Cranbrook, etc., and the bread from your bakery purchased in a Bellevue store was the best we found on the whole trip, and so good I thought I should tell you about it.

Yours truly,
H. S. JOSLIN."

The big annual fair opens at Lethbridge today.

AN EXPLANATION

Hillcrest, Alta.,
August 5th, 1925.

The Editor,
Blairmore Enterprise,
Blairmore, Alta.

Dear Sir—

The following is a copy of letter received from the Secretary of the Michel Football Club re game which was advertised to take place here on August 1st, 1925. I would appreciate your giving this prominence in your first issue, as we are anxious that the football enthusiasts in the Pass who were anticipating this game know definitely where to place the blame for non-fulfillment of the fixture.

"Michel, B.C., 29/7/25.

"Several of our players being on the injured list we are unable to travel to Hillcrest for the return game this week as scheduled. Hoping to arrange something satisfactory in the near future and wishing you every success, I am,

Yours truly,
(Sgd) A. Clare, Sec."

I might state that this letter came to hand on the morning of July 30th, and while we endeavored to issue cancellation notices, regret that we did not reach everyone and consequently quite a number of people came to Hillcrest for a game which did not take place.

Yours truly,

HILLCREST FOOTBALL CLUB,
Robt. Christie, Secretary.

LADIES' AID UNITED CHURCH

Owing to the Elks' picnic being held on Wednesday, August 12th, the regular monthly meeting of the Ladies' Aid of the United Church will be held on Thursday, August 13th. Tea will be served. All ladies interested in our church are welcome to attend this meeting.

Alphonse Fabro, of the Otis-Staples office staff, Kimberley, was in town on a visit to his parents during the week.

ELKS' COMMUNITY PICNIC WEDNESDAY, AUGUST 12th

Arrangements are practically completed for the monster flag day and community picnic, under the auspices of the local Elks' Lodge, which will be held on Wednesday afternoon next, August 12th, commencing at 1 o'clock in the Blairmore athletic grounds. Strong committees have the details well in hand and are out to make it the Best Picnic On Earth.

All children under 15 years of age are invited to be at the schoolhouse at 12.30, where they will each receive a flag and a strip of tickets entitling them to 2 ice cream cones, a bag of peanuts, a bottle of pop and a chocolate bar. Children must be at the school to receive these tickets; they will then march to the grounds, escorted by the Elks, where races for boys and girls will be held, winding up the sports with a championship-calibre baseball game between the married men and single men of the lodge.

Parents are invited to bring a basket and come and enjoy themselves with the kiddies. Tea and coffee will be supplied at the grounds free, while a booth will be in operation where refreshments can be secured at nominal charges, and where the kiddies can get their ice cream cones, etc.

Arrangements are under way for a band for the afternoon, also to have the stores close a little earlier, probably at 12 noon, and all that is needed is fine weather. Everybody is welcome to come to the B.F.O.E. Best Picnic On Earth.

Following is a list of races, etc.:

SCHOOL BOARD FAILS TO REPLACE PRINCIPAL

Mr. King, of Camrose, whose application for the position of principal of the Blairmore public school was recently accepted by the local School Board, has written the Board, declining to accept the appointment.

The text of Mr. King's letter is as follows:

"I am withdrawing my application and refusing to accept a position under the Blairmore School Board. I am not a paid-up member of the

Alberta Teachers' Association, but all teachers of Alberta, whether members of the Alliance or not, are loud in their condemnation of a School Board that would treat their teachers as they have done and then refuse to recognize any organization that is not only recognized, but highly respected in all the cities and towns much larger than Blairmore.

"I urge the Board to let their better judgment take hold of themselves, and that all Alberta teachers look forward to a speedy reinstatement of their very capable staff."

RETAILERS WOULD TAX MAIL ORDER BUSINESS IN WEST

Vancouver—Resolutions condemning the stamp tax on cheques and receipts, protesting against the extra charge made by some manufacturers and wholesalers for boxes and cartons, recommending a tax on mail order business which would be distributed among municipalities concerned and amending the constitution, were passed by the convention of the Retail Merchants' Association of Canada held here.

Spilt discussions took place on the question of income tax and the age grading legislation.

The question of the income tax was brought up by the Quebec delegation, who pleaded for the association to take a stand against the tax. It was, however, referred to the Dominion board, which will take action after a survey of the wishes of the provincial boards and individual members.

Alberta delegates proposed a resolution to request the government to allow country dealers to buy and sell ungraded eggs under the consideration that they would grade all eggs for sale. The special committee which had been appointed to deal with this resolution recommended against it. After discussion, the matter was referred back to the committee and will be brought up again.

Rifians Prepare To Attack Holy City

Leader of Rebellion Getting Ready to Play Last Card

Fox, French Morocco—Adel of Krim, directing the plans of the rebellious Rifian tribesmen, is getting ready, according to latest indications, to play his last card in the shape of a drive on the holy city of Mecca, about 50 miles northwest of his objective, Fez.

The French command, however, is doing everything necessary to deal with the expected drive, speeding reinforcements to vital points, posting heavy artillery around Ouezzan, constructing squadrons of tanks and armored cars in centres from where they can be dispatched rapidly wherever they are needed.

Prolonged French artillery fire and bombing were reported to have driven the enemy from striking at the port of Bou Alaba, but the situation there is difficult owing to the fatigue of the garrison and in insufficient water supply.

May Develop Zinc Industry

U. S. Syndicate Trying to Discover Main Deposit Near Sudbury

Toronto—Prospects are bright for the development of a great new zinc industry in northern Ontario, if the efforts of a big United States syndicate to locate the main zinc deposit believed to exist in the Sudbury nickel district are successful, according to information secured at the mines department.

Discovery of hitherto unsuspected deposits of zinc of good quality in the Sudbury nickel district came to a group of prospectors who were pursuing the hunt for coal in northern Ontario.

Prepare For Prince's Visit

Buenos Aires—The senate has voted an appropriation of 400,000 pesos (about \$160,000) to entertain the Prince of Wales during his coming visit to Argentina. British subjects in Argentina are preparing numerous festivities in honor of the Prince. His picture is making its appearance everywhere.

"Buy in Canada" Movement

Montreal—Unequivocal support for a "buy in Canada" movement that will be extended from coast to coast, was voiced at a representative meeting of bankers, brokers, head dealers and transportation companies. Agriculturists and other producers and consumers will be approached to lend their aid.

First Divorce in Far North

Edmonton—His Honor Judge Dubuc, sitting as stipendiary magistrate for the Northwest Territories, has returned to the city July 28 from Fort Smith, has granted the first divorce ever given in the Far North.

Spy Catches Twelve Years

Cologne—Heinrich Struppen, formerly employed by the Kruempel and charged with selling plans to the Germans, was sentenced to 12 years in prison during the trial.

In a thunderstorm at Astoria, Spain, recently, lightning struck a altar in a church without damaging it.

Welcome Mount Logan Climbers

Conquerors of Canada's Highest Peak Return to Vancouver

Vancouver—Battered by the glare of the sun, the faces of Mount Logan and its greyhounds from the hardships of their successful scaling of Canada's most formidable peak, Captain A. H. McCarthy, of Wilbur, B.C., leader of the expedition, Lieut.-Col. W. F. Foster, D.S.O., of Vancouver, H. F. Lambert, Ottawa, and Henry Hall, Jr., of Boston, returned to Vancouver by boat from Victoria. They received from their friends and admirers a memorable welcome.

Except for Mr. Lambert, none of the mountaineers displays any physical evidence of hardships. Mr. Lambert, owing to the frost-bitten feet, arrived with his feet still encased in moccasins. He is still under treatment.

Col. Foster, the local member of the expedition, declared "there is nothing more to be said about our trip than has been written already."

Declares Wheat Pool Success

Could Not Expect More For First Year Says Hon. Doherty

Regina—The Saskatchewan Wheat Pool met with all the success it could reasonably expect for its first year of operation, stated Hon. Manning W. Doherty, M.L.A. for East Kent, Ontario, former minister of agriculture in the Doherty government who assisted in the organization of the pool here two years ago and who was in town for the big rally of the Saskatchewan Wheat Producers' Association at the Stadium in the exhibition grounds.

"The adoption of agriculture," declared Mr. Doherty, "depends on the successful operation and development of commodity marketing and associations of producers."

Dealing with the prospects of the crop this year, the former Ontario minister said that the people of the east were rejoicing in the reports coming through to the effect that the success of the crops now was practically assured.

Refunding Of Loans

Government Must Finance to Extent of \$15,000,000 This Year

Ottawa—Hon. James A. Robb, acting minister of finance, who recently returned from a holiday, is turning his attention to the financing of loans maturing during the latter part of the year. Finance to the extent of \$15,000,000 will be necessary this year.

As announced some days ago, the first maturing obligation, amounting to five million pounds sterling, on August 12, will be met with cash. On the 15th of the following month, treasury bills to the amount of \$30,000,000 fall due, and on the first of November, treasury notes to the amount of \$3,000,000 mature. The first year's loan of \$15, payable in ten yearly installments on December 1. The amount is \$42,015,500.

Mr. Robb has gone to Toronto, and it is understood he will discuss the question of refunding some of these loans with financial circles.

More Farmers For Alberta

One Hundred Young Britishers Coming Over This Fall

Edmonton, Alta.—Banks Amyer, counsel for the overseas settlement board, and himself a member of the board, passed through Edmonton on his way to the coast and thence to Australia, and between trains, Hon. Geo. Howley talked over with him the chances for further British immigration to Alberta this year.

There will be 100 more young Britishers coming over this fall, said Mr. Amyer, and applications are now being received at the board's office in London.

Four Vacancies to Fill

Ottawa—The resignation of Hon. J. B. M. Baxter, as member of Saint John, necessitated by his becoming leader of the New Brunswick Conservative party, creates the fourth vacancy in the House of Commons. The other seats vacant are Compton, Quebec, held by a Liberal; East Hastings, by a Conservative; and West Middlesex, by a Progressive. If there is to be a general election, by-elections in these constituencies will inevitably be necessary.

Rebuild Mineral Inn

Winnipeg—Mikami Inn, one of the Canadian National Railway's summer hotels, which was destroyed by fire last month, will be rebuilt on the bungalow style, similar to Jasper Park Lodge. Announcement to this effect was made following a conference of system officials with Sir Henry Thornton, who states that plans will be developed immediately for the erection of the new inn.

Federal Election Speculation

No Announcement Is Expected For Some Days Yet

Ottawa—It is now stated here on good authority that there will be no more meetings of cabinet until the new Brunswick election on August 20. In that case it is improbable that there will be any announcement in regard to the holding of an election this autumn, for a couple of weeks. It has been taken for granted that the government will await the New Brunswick result before deciding whether or not to go to the country this autumn. If it should prove favorable to the government now in power, it will be a factor in determining the federal premier to make his appeal. If it should be unfavorable it will be an added argument for those who are counselling delay. For the present, apparently the question of holding an election before the move bids must remain unchanged.

BRITISH NAVAL PROGRAM HAS PASSED HOUSE

London—The House of Commons has put its stamp of approval on the government's cruiser building programme after the Liberals and Laborites had sought to have the appropriations for new warships reduced, on the ground that there was no naval war in sight, and, therefore, there was no need to burden the already heavily taxed country to additional expenditure of £28,000,000.

Ramsey MacDonald, former Labor premier, moved a reduction of the shipbuilding vote, but the house rejected his proposal by a vote of 276 to 140.

There was a great deal of talk about potential trouble in the Pacific, but Winston Churchill, chancellor of the exchequer, and the other government spokesmen steered clear of this subject in their contributions to the debate.

The chancellor, in his official statement, in the new cruiser building programme, said there was only one menace that the fleet was wearing out.

Mr. Churchill took occasion to repeat one of his most persistent remarks that British having immediately modified her whole historic position by agreeing to have a navy of the same size as that of another country, intended to maintain her sea forces in the Pacific and to those of any country in the world.

Several speakers with no government portfolios to incline them to vagueness and generalities had much to say about possible trouble between the United States and Japan, and also about the tendency of the French to increase their submarine strength.

May Teach Evolution

Atlanta, Ga.—An amendment designed to prohibit the teaching of evolution in the common schools of Georgia was voted down overwhelmingly in the State House of Representatives.

Japanese Alpinists Climb at Jasper

Includes still and motion picture cameras and a complete dark room with which pictures will be developed in the field.

Three Swiss guides, Heinrich Hans Kohler and Jean Wabber, from Jasper Park Lodge, are accompanying the party and five guides and forty horses from the outfitting stables of Fred Brewster, are being used on the trip. This is the largest party which has left the lodge this year, and the first party of Japanese Alpinists to tackle some of the unexplored fields of the Canadian Rockies.

The party is now ready for the start from the Brewster headquarters to right—N. Okabe, M. Hatanaka, Y. Mita, G. Hashimoto, Y. Maki, Fred Brewster, outfitter; H. Fuhrer, J. Wehner, H. Kohler, Swiss guides.

Headed by Yuko Maki, under secretary of the Japanese Alpine Club, six noted Japanese Alpinists have left Jasper Park Lodge, at Jasper, Alberta, for a twenty-five days' trip into the Columbia field, one of the least-known portions of the Canadian Rockies.

Their trip will take them to the headwaters of the Athabasca and New Saskatchewan Rivers, and an endeavor will be made to climb Mount Alberta, a virgin peak which has so far defied all efforts to conquer its higher slopes. Members of the party state that if the territory lies up to their expectations it will attract hundreds of Japanese Alpinists annually.

The expedition is elaborately equipped scientifically and the equipment

PROPOSAL TO TAX RAILWAYS ON A MILEAGE BASIS

Winnipeg—Suggesting that the Manitoba Government consider adoption of a policy of taxing railways on a mileage basis instead of gross earnings, Sir Henry Thornton, president of the Canadian National Railway, Major G. M. Bell, deputy minister of railways, and M. Gardiner, member of the Canadian National board, conferred with Premier Bracken here.

Premier Bracken believes the proposed scheme inequitable, on the ground that Manitoba, with small mileage and big business, would suffer at the expense of provinces where mileage is great and business small. The railway officials, it was stated, plan to submit the proposal to other provincial governments on their trip west, and confer with Premier Bracken on their return journey.

Cost More To Harvest Crop

More Bladder Twine Will Be Necessary For Heavy Straw

Winnipeg—It will cost Canadian farmers one-fourth more to harvest their crops this year as compared with normal seasons. The proportionately heavy straw, the difference in the twenty million acres of wheat as well as ten million of oats and three million acres of barley, rye and flax. It will be paid out to 60,000 harvesters and binders, two manufacturers but the difference in freight rates over other years will favor the producer by some five to six cents per bushel, more than enough to offset the loss in the other direction.

Official and unofficial estimates of total yield from next year a billion of wheat to three hundred and fifty million bushels. Heat, moisture, rust and parasites must be reckoned with, but the general harvest is almost in sight. Those who must buy grain are inclined to over-estimate the yield and the producer and his organizations invariably take the pessimistic angle. This is the history of the grain industry and is not confined to western Canada.

Press Delegates Have Left For Australia

Old Country Party Will Return Through Suez Canal

More than 60 delegates from Canada and Great Britain to the Imperial Press Conference in Melbourne, September 29 and 30, embarked here on the liner Aurang for Australia, July 28. The Old Country party, headed by Viscount and Viscountess Burnham, plans to return through the Suez Canal, thus completing a voyage around the world. It will be nearly Christmas when the majority of the party reach England. The sailing date from Fremantle is November 3. The Canadian party, for the most part, will return by way of Vancouver, in October.

Earl Haig Sails For England

Mission to Canada Took Him Through

Gold Part of Dominion Montreal—First Earl Haig and Countess Haig sailed for England from here July 31 aboard the Lethia. A guard of honor and a military band accompanied the distinguished visitors from the home of Sir Henry Dufferin, who they played during their visit in Montreal, to the Lethia. The route enabled hundreds of citizens to pay their respects to the great soldier, whose mission to Canada, that of amalgamating the various ex-servicemen's organizations into one body, took him through a good part of the Dominion.

Invents New War Weapon

Detroit Man Will Give Demonstration On U. S. Battleship

San Francisco, Cal.—Demonstration of a destructive force which he has invented will be carried out on a United States battleship off the coast of California, Dr. Edwin R. Scott, of Detroit, has announced.

Dr. Scott, who is said to have sold the French Government the "killall" machine, which during the world war has killed his new machine the "death stroke." He claims it will kill life which it comes in contact with within a radius of 20 miles. The naval demonstration will take place within two months, the Detroit inventor said.

Not Coming To States

Duke of York Is Not Expected Next Year

London—It is understood that while the Duke of York, younger brother of the Prince of Wales, has accepted the honorary presidency of the World Federation of Youth, he is not expected to go to Yorktown next year as New York dispatches have stated he would do. Recently it was announced in New York that the World Forum expected the Duke to visit Yorktown next year. The purpose of the forum is to expose and perpetuate the Yorktown battlefield, where the British commander, Lord Cornwallis, surrendered to the armies fighting for American independence in October, 1781.

TREATY RELATING TO CHINA WILL NOW BE RATIFIED

Washington—Arrangements are being made at the department of state for the formal exchange of ratifications of the nine-power treaty relating to China, which was signed at the time of the Washington area conference.

Notification has been received that the necessary documents from Peking showing the French action in ratifying the treaty would reach Washington within the next few days. France was the last of the nine powers to ratify.

The treaty is that providing for a commission to revise Chinese customs, to provide the Chinese Central Government with a five per cent ad valorem duty on imports. The assumption of this commission is looked to as the first essential step in stabilization of conditions in China, in order to insure adequate protection of foreigners.

New Grain Act

Revised Act With New Regulations Has Now Come Into Operation

Ottawa—The Canada Grain Act, revised at the last session of parliament became effective August 1.

The order-in-council authorizing the application of the new regulations has been passed and the official proclamation will be made in The Canada Gazette this week.

The new Grain Act was one of the most important measures before parliament last session and a special committee gave several weeks to its consideration. The amendments to the old act were chiefly respecting the operation of elevators, the weighing and grading of grain. All terminal elevators under the present act have been put under the control of a commission if the government so orders, though such action is regarded as unlikely.

Annual Golden Rule Dinner

Paris—Edmond-Henri, Duke of Nemours, French premier, has accepted the invitation of the Near East Relief to its annual golden rule dinner in New York, Sept. 28, according to an announcement by the organization. The dinner has been closely connected with the organization's work for several years and for two years has been chairman of the French observance of Golden Rule Sunday.

SAYS TOLERANCE IS THE NEED OF CANADA TO-DAY

Montreal, July 31.—The A. B. C. of Canada's needs today are less politics and more economy, an amalgamation of the various central and western viewpoints and a Canadian policy which will lead to a development of its industries and the obliteration of all differences between the races and religions existing in this country. This summarizes an interview here with Lieut.-Governor Harry Cockshutt of Ontario, president of the Cockshutt Plow Company, and a director of the Canadian Pacific Railway.

The lesson of tolerance is one of the great things the Canadians learn," said the governor. "At present we have an eastern Canadian policy and a western Canadian policy, and to some extent, a religious and racial policy. Canada has a brilliant future before it which cannot be stopped, but which can be greatly retarded if we do not early learn the lesson of tolerance and co-operation. We must learn to concede to others that they have a right to their own opinions. Then, each must give and take until we have formulated a true Canadian policy."

"Canada is suffering from growing pains as a result of over expansion," he said. "The remedy is for its planners to bring people to settle down to the practice of economy and thrift."

Governor Cockshutt expressed the belief that continued efforts to attract only agricultural immigrants to western Canada would lead to the chronic unemployment which now exists in certain parts of south America. Industrial development in western Canada is not only very practicable, but urgently desirable, if for no other reason than to make its inhabitants more earning the year round, he said.

Increase in Passport Issues

Unusual Number of Canadians Are Going Abroad This Year

Ottawa—Canadians are travelling abroad this summer to a greater extent than usual, judging by the number of passports issued. The best movement is always in the months of March, April and May, although the classes that are better to do travel more in July and August. Since the opening of the St. Lawrence season, the passport issue has averaged nearly 5,000 a month. By the end of the year the total will aggregate over 30,000. As the fee has been raised 45 cents, it becomes a rather substantial source of revenue.

As British subjects coming to Canada do not require passports, repeated efforts have been made to secure the same privilege for Canadians coming going only to the British Isles. The time and cost involved, however, makes the stand that identification of all persons landing in that country is necessary, and that no method is less troublesome in the long run than the passport.

Alberta Rates Case

B. B. Woods, K.C., to Represent Province Before Railway Commission

Edmonton—S. B. Woods, K.C., of Edmonton, has been appointed by the Alberta Government as provincial freight rates counsel, and will represent the province before the railway commission when it holds its investigation into the freight rates question. He will take the Alberta side of the case only, and will not be associated with any other argument before the commission.

Two objectives, in particular, will be sought in connection with this province's effort to get better rates, according to Premier Greenfield. These will be a through rate on coal and grain westward on the same basis as the Crown's West tariff. The movement of coal will be emphasized as a matter of national importance, and the commission will be asked to establish a favorable rate that will make it commercially possible.

MacMillan Party "All Well"

Washington—The steamers Bowdoin and Peary, of the MacMillan Arctic expedition, left Seattle for Seattle, July 27, and proceeded north to Mayville Bay, according to a radio message dated July 27, received by the National Geographical Society, via Seattle. The message said "all well."

Germany Paying U.S.

London—Germany has paid almost \$1,000,000,000 of her war bill, according to a treasury announcement in the Reichstag, July 27, and proceeded to make payments in merchandise and cash distributed by the reparations commission to the end of June, amounting to approximately \$200,000,000.

THE ROAD HOG

This seems to be the time of the year when the road hogs flourish the most plentifully.

The road hog, you know, is the motorist who wants the whole pavement. He likes to drive slowly in the middle of the street, so that anyone behind him has to stay behind, even if it is at a snail's pace.

He also plows ahead regardless of crossings and intersections and he always makes the other chap take the ditch on a narrow country road.

Since the road hog is too selfish to consider others, the only remedy would seem to be in police or an armored car. He ought not to be allowed to drive at all.—Ex.

MEDICINE HAT RACE MEET

Entries close on August 12th for the fifteenth annual Track and Field Championships of the province of Alberta, sanctioned by the Alberta branch of the Amateur Athletic Union of Canada, which will be held under the auspices of the Medicine Hat Amateur Athletic Association, at the exhibition grounds, Medicine Hat, on Wednesday, August 19th. Associated with the Athletic Association in making arrangements are the city council, members of the Rotary and Kiwanis Clubs, Caledonian Society, Great War Veterans and various athletic, fraternal and labor organizations in the city. There are eighteen championship events on the program for which three medals will be awarded in each event. In the open non-championships, of which there will be fourteen, suitable prizes will be given for the all-round championship, in addition to the elaborate shield now held by Ken Bassett of Medicine Hat, a beautiful silver cup donated by the A.O.U.W. of Medicine Hat will be presented for the first time. The Medicine Hat Pipe Band and Highland dancers, with boxing exhibitions will present a platform program, and tug-of-war and football will be other features. A special reception committee will provide other forms of entertainment for the visitors and attend to their comforts while in the city. All competitors must hold 1925 amateur cards. Application forms may be secured from A. J. McTeer, city clerk's office, Calgary, or Sgt. J. Leslie, police headquarters, Edmonton. Entry forms may be secured from H. S. Young, Y. M.C.A., Lethbridge; Chas. Cheeseman Cardston; R. S. Stronach, Banff; A. J. McTeer, Calgary; R. Brant, Drumheller; J. Leslie, Edmonton; or B. W. Bellamy, secretary of the general committee, Medicine Hat. The following are the championship events: 100-yards, 220-yards, 440-yards, 880-yards, one-mile, five-mile, 120-yards hurdles, running high jump, running broad jump, hop-step-and-jump, throwing 16-lb hammer, throwing 16-pound shot, throwing discus, throwing javelin, tossing the caber, pole vault, 100-yards (ladies), and running high jump (ladies). The non-championship events include relay races, bicycle races, dashes for boys and girls, and obstacle race, 25-lb weight and married ladies' race.

FUNERAL MARCH, PLEASE!

There was a man in our town,
And he was a speedy guy;
He turned the corners on two wheels,
Crossed crossings on the fly.
But yesterday, the extras say,
This wise man saw the light.
His silver stalled on the railroad track—
"Toot, toot! Ding dong! Good night!"

A NEW TROUBLE

There is a new trouble in the world: Complaint is made that there are more educated people than can be supported. The preliminary wall comes from Bulgaria, and no doubt will spread.

In a great majority of cases, the desire to be educated is a desire to escape work. The educated wish to be professors, politicians, preachers, lawyers, doctors, entertainers, and exploit the workers.

In Bulgaria there is such a rush for education that too few are left to cultivate the fields and work in factories. The plain people are complaining, and may revolt.

There are lately almost as many patent practitioners as there are patent medicines. Every school, every college is turning out some kind of a new professor to collect another unnecessary tax, and further unnecessarily burden real workers. There is a gent in nearly every public school teaching athletics, learned as a part of his education. Another gent cradled teaches music, which becomes jazz rendered on mandolins and saxophones.

A good many in this country are also of the opinion that there is too much education; if a Bulgarian rebel will come to this country with his doctrine, he will gain quite a following.—E. W. Howe's Monthly.

THE CAUSE OF POOR EXAMINATION RESULTS

The number of failures in the recent Grade XI results throughout the province, has been the cause of much comment. It is understood that only two local pupils passing successfully in the first writing, others failing in one of two subjects. Commenting on the subject the Calgary Herald says:

"The average of intelligence in children of school age remains about the same, year in and year out."

"The average of industry remains about the same."

"And the average of teaching ability does not vary from year to year."

"Then if there is a high number of failures in school examinations, to what must the result be attributed?"

"Either that the examination papers have been set at too high a standard, or that the examiners are too severe in marking papers."

"There is no other answer."

"When Dr. Scott says, regarding Grade XI results, that he was disappointed, that they were not as good as he expected, it can mean only one of two things; either the papers were too severe, or the examiners who marked the papers were too critical."

TO THE VERY LAST!

There was a Scottish family gathered by the bedside of their father, who was sinking rapidly. He said, "Is John here?" "Yes," replied John, "I am here." "And is Sandy here?" "Yes," replied Sandy, "I am here." "And is Jean here?" "Yes," dear father," said she, "I am here." "Oh!" said the invalid, "you are all here; then who is looking after the shop?"

G. G. COOTE RENOMINATED

MACLEOD, Aug. 3.—George Gibson Coote, M.P., was the unanimous choice of an open convention of U.E.F.A. members at the town hall here this afternoon to contest the Macleod federal constituency at the approaching Dominion election.

Mr. Coote's name was the only one placed in nomination, being put forward by H. G. Wingate, of Carley, seconded by E. J. Leavitt, of Glenwood, and accepted amidst great applause.

"I do not wish to pose as a political prophet," said the Ginger Group member for Macleod, "but when I left Ottawa the prediction was that the Liberals would lose seats to the Conservatives in the maritimes and generally east of Port William. I do not see how either of the old parties can have a majority over either of the other two parties. If we elect a solid Progressive or Farmer bloc from the west I believe we will hold the balance of power in the next house."

"People may say this is not a very high ideal. But when you understand the situation at Ottawa you will agree with me when I say I don't think there is anything wrong in stating that, to whatever party gives us justice in the west, we will give our support."

NOT LONG NOW TILL MEN WILL POWDER NOSES

CHICAGO, July 29.—With youth becoming softer and more effeminate every day and the crop of "drug store boys" constantly increasing, what will pass for men in 1935, perhaps, sooner, will be painting their faces, rouging their lips and rolling their long stockings.

Already they are manuring their nails to the point where they can do no work, even if they had the inclination.

They are manuring their hair, wearing bracelets and aping women in many ways.

This information comes straight from the American Cosmetics Society, the members of which are preparing for heavy business: free men in the beauty shops.

"Beauty is as essential to business men as to women," said one of the delegates in a speech today. "Mauling use of cosmetics includes both young and old. They get their hair manured and permanent waved and their complexions adjusted. They have not yet reached the rouge pot and lipstick, but they have a good start in that direction and will arrive in large numbers ten years hence. It will not be long until men are tinting their cheeks and powdering their noses."

STRIKING COMPARISONS REVEALED IN STATISTICS

WASHINGTON, July 30.—Figures made public by the department of commerce showing that England is closing prisons because of a decrease in crime, making a striking comparison with the increase of crime in the United States.

The criminal statistics of England have been compiled by Alfred Nutting of the staff of the American consulate-general at London.

"More than 20 prisons in England and Wales," he reports, "practically a third of the total, have been closed since 1914; there now being only 40 prisons in use in the country and these are by no means fully occupied."

While England is closing its prisons, in all parts of the United States prisons are overflowing.

Tax dodgers, auto thieves and bootleggers, department of justice experts say, are responsible for the increase in the federal prisons, but this does not explain the general increase in crime throughout the country.

The increase in the population of federal prisons in the United States may be gathered from the following department of justice figures:

Atlanta	1923	1925
Leavenworth	1,000	2,258
McNeil Island	1,000	3,294
	200	618

DIDN'T HAPPEN IN BLAIRMORE

A woman went into her butcher's with a neat brown-paper parcel, and said sweetly:

"I wonder if you would be so kind as to weigh this parcel for me?" "Delighted," cried the butcher; "no trouble at all, I assure you. It's a good three and a half pounds."

"Thank you," replied the woman; "that parcel contains the bones you sent me in my last week's joint."

At a revival meeting the preacher asked all those of the audience who wished to go to heaven to hold up their hands. The response was unanimous with the exception of one man. "Do you not wish to go to heaven?" the preacher asked the man. "It's a' richt about going to heaven," he replied, "but I'm no gaun' w' a trip."

The man what is allus kickin' 'cause they ain't nobody doin' nuthin' fer him is us'ly the cuss what ain't never done nuthin' fer nobody else.

The marriage of Miss Armstrong, of Fincher Creek, to Mr. Roscoe Powell, principal of the Coleman school, took place at Fincher Creek yesterday.

Messrs Jack Patterson and William McVey, with their families, have returned home from a motor trip over the Banff-Windermere-Calgary circle tour.

The city of New York is traversed by 3000 miles of streets. Linked in a continuous highway, they would reach to Los Angeles, with 600 miles left over.

Mrs. F. Wheatley returned from Edmonton last week end, accompanied by her daughter, Miss Muriel, who is taking a nursing course in a Calgary hospital.

William Hugg, who recently sustained a fractured foot while working in the mine, is able to be around, though the injured limb is still in a plaster-paris cast.

Mrs. Rose Callan and son, of Cadomin, were visitors in town on Tuesday. After spending a few days with friends in Bellevue, they will return north tonight.

The regular monthly meeting of the Blairmore Board of School Trustees was held at the schoolhouse on Friday night last. Very little business was transacted.

The big store of Spencers Limited, at Victoria, was robbed on Sunday night. The bandits got away with cash and negotiable documents valued at about \$15,000.

The members of the civil service in Quebec have got a boost in pay totalling \$600,000. The liquor profits in that province are enormous and money flows like water.

In a senior baseball fixture here on Tuesday evening, Blairmore outclassed Coleman to the tune of seven to four. Blairmore's battery is now working like clockwork.

Don't be disturbed by the driver who disregards warning signs and sips past you on a curve. You will doubtless have a chance to pass him easily a little further on.

Mr. and Mrs. Notman and wife, Norron, New York, registered at a local hotel this week. They have been guests at quite a number of Canadian hostilities of late.

A silent policeman at Maclean's corner, Pietou, N.S., was run over by an auto and killed. The court valued this policeman's life at \$11 and the motorist had to pay that amount.

Alex. M. and Mrs. Morrison and Mr. and Mrs. Powell, sr., of Coleman, and Mrs. L. L. Morgan, of Blairmore, were in attendance at the Powell-Armstrong wedding at Fincher Creek yesterday.

J. E. MacLeod, former teller at the local branch of the Union Bank of Canada, is now secretary-treasurer for the Municipal District of Soundings Creek, No. 273, with headquarters at Youngstown.

The bulk of the buffalo herd shipped from Wainwright national park to the wood bison reserve in the far north recently, is reported trekking the way back towards the old home. According to trappers, the animals are making their way through the northern woods, fording rivers and overcoming other obstacles.

William Patterson, proprietor of the Arlington Hotel, Lethbridge, was killed instantly when the car he was driving turned over on a new grade at Menarch hill. Patterson was fifty-eight years of age and a son-in-law of Mr. William Porter, proprietor of the Alexandra Hotel. Porter, who was travelling with him, sustained slight injuries.

The following item appears in a recent issue of the New Glasgow Free Lance, from a Westville correspondent: "Station Agent John Gray has received a telegram from Coleman, Alberta, conveying the sad news that his brother-in-law, William G. Fraser, had passed away. Mr. Gray and Mr. Fraser married sisters. A. C. Fraser, Sydney Mines, the well-known musician, is a brother of deceased."

The pupils of St. Mary's high school at Calgary made an exceptionally fine showing and in fact established a record, in the Grade XII departmental examinations this year, when fifteen out of sixteen students who wrote on the examinations were successful in passing. The result should be a source of justifiable pride to the members of the separate school board, working out as it does to 96.45 per cent.

Ecclesiastical authorities of Notre Dame church, Montreal, are incensed at visitors from the United States entering the edifice at all hours as though it were an ordinary building, talking loudly and arrayed in costumes suitable for penetrating the wilds of Canada.
